

Dear friends,

For the first time in our history, we will organize a Grand Prix Final event for our future Olympic Champions!

Also, for the first time in our history, we will award prize money for the Junior medal winners and provide the Cadet medal winners with a Value in Kind package.

This pilot event will be a test for 2025: in that year ETU will host 3 Grand Prix events and 1 Grand Prix Final at the end of the year. I firmly believe that a strong foundation for our future champions is necessary to prepare them for what is coming later in their sport career.

Therefore, we will start with this new event cycle and hope that each and every one of you will follow us in our journey into the future!

Yours,

Sakis Pragalos

President European Taekwondo Union
